PRIMARY FUNCTION:

Under general direction, performs professional engineering work in the planning, design, construction and operation of water systems, facilities and related projects; or the development and implementation of water resource management and agricultural conservation plans, programs, and policies. Performs other duties as assigned.

MINIMUM QUALIFICATIONS:

Bachelor's degree in engineering, hydrology, mathematics or related technical field to assigned area and four years of increasingly responsible complex civil, agricultural or water related engineering experience involving engineering planning, design, irrigation and drainage systems, hydrology, hydraulics and conducting modeling related to open channel irrigation and drainage systems and their related facilities, agricultural water use, water resources management and general facilities.

LICENSING & CERTIFICATION REQUIREMENTS:

Engineer-In-Training required.

A valid driver's license issued by the State of California, Department of Motor Vehicles is required.

An official current driving record (obtained within the last six months) from your local State Department of Motor Vehicles (DMV) or from official DMV website must accompany job application (no third party records accepted).

Veteran's Preference (External Applicants Only): Submit DD form 214 or other evidenceofveterans' status by job posting deadline.

OTHER REQUIREMENTS/TESTING:

New hires are required to be fully vaccinated against COVID-19, no later than the first day of work, unless employee requests and the District grants an exemption to the COVID-19 vaccination requirement as a reasonable accommodation for employee's disability or sincerely held religious belief, practice, or observance.

"Imperial Irrigation District is an equal opportunity/affirmative action employer. We celebrate diversity and are committed to creating an inclusive environment for all employees."

Negative drug test required as condition of employment.

Employees must notify supervision when applying for a position.
